INTRODUCTION

This document sets out the playing conditions, codes of behaviour and administrative rules for the two competitions under the Brisbane Women's Cricket (BWC) banner:

- Open Women's Competition
- Stage 3 Girls Competition

Any queries relating to any of these competitions should be directed to the BWC administrator at the following address: QCCompetitions@qldcricket.com.au

The BWC competitions are designed to support player development and address the gap between current offerings and the wants of the participants.

Open Women's competition – This competition caters to players from community and premier clubs who are either not selected for Premier Grade cricket in a given week or are ineligible for the Stage 3 Girls competition. They help fill a participation gap by offering a competitive yet accessible playing environment for women developing toward Premier Grade level.

Stage 3 Girls Competition – Although structured as an Under 14 competition, the primary focus is player development. Girls who align with the Stage 3 playing profile are encouraged to participate, even if they are over the typical age limit. Please refer to the exemption guidelines and process later in this document for more details. The competition name does not reference 'U14' to reflect the expected participation of Stage 3 players who may be slightly older but are well-suited to this level of play.

- 2.3 A team who fields a player who does not qualify or has not received an approved exemption may risk having the match forfeited in which they fielded the unqualified player, with the other team assigned the win and competition ladder points at the discretion of the Competition Administrator.

- 8.4 Play may start before all members of a team are present.

- 8.6 A forfeiting team remains responsible for its share of wicket fees to account for ground preparation costs and the lost opportunity to allocate the ground elsewhere.
- 8.7 Playing Condition 8.6 does not apply where the forfeiting team notifies the Competitions Administrator by 5pm Tuesday before the scheduled fixture.

9 The Result

- 9.1 Lost Time: In the situation of lost time in a match:

9.2 Super Over:

9.2.1 For T20 finals only, a “super over” shall be played if a result has not been achieved at the conclusion of play. The super over shall be conducted as follows:

- a) Each team shall receive one super over which will consist of six legal deliveries, with no limit on the number of deliveries to be bowled until six legal deliveries have been achieved.
- b) The team batting last during normal play shall bat first in the super over.
- c) All players may bat in any order in the super over.
- d) Neither opening batters nor the bowler needs to be declared before play starts in the super over.
- e) Once batters enter the field of play, they may not be changed, then once the bowling team decides which end they will bowl from it cannot be changed, then once the batters have taken their positions at each end of the pitch they cannot change. This sequence enables the fielding side to determine their strategy based on which batters are opening, and then the batters can choose ends based on the bowling strategies.
- f) Field restrictions shall be the same as those in place in the last over of the match.
- g) The team who scores the higher number of runs in their super over will be deemed to have won the match.
- h) If the teams scores are still tied after the super over, the winner shall be:

9.3 Abandoned Round:

9.3.1 Where adverse and severe weather has impacted on the round of fixtures, the Competition Administrator in coordination with Clubs will determine any abandoned games.

9.3.2 Abandoned games will receive points as detailed in Playing Regulation 15.2 Match Points.

10 Dead Ball

10.1 If a ball landing on the edge of a synthetic pitch behaves erratically in the opinion of the umpire (e.g. by moving off at an angle after hitting the edge of the pitch), the umpire must declare the ball 'dead', and it is to be rebowled. NOTE: if a ball pitches off the edge of the pitch, it is to be called No Ball.

11 No Ball

11.1 Any ball that bounces 2 or more times before reaching the batter shall be called a no ball.

11.2 All no balls are followed by a "Free Hit" for whichever batter is facing it. If the delivery for the Free Hit is not a legitimate delivery (any kind of No Ball or Wide), then the next delivery will become a Free Hit for whichever batter is facing it.

The Free Hit does not carry over to the next over if the final delivery is a No Ball or Wide (i.e. eight ball limit).

For a Free Hit, the striker can only be dismissed under the circumstances that apply for a No Ball even if the delivery for the Free Hit is called a Wide.

Field changes are not permitted for Free hit deliveries unless:

- a) There is a change of striker, or
- b) The No Ball was the result of a fielding restriction breach, in which case the field may be changed only to the extent of correcting the breach.
- c) The umpires believe a fielder is placed in a dangerous position for the Free Hit. In this instance, the umpires will allow the fielder/s that are in a dangerous fielding position for the Free Hit to move back in a straight line from their original position to (approximately) 15m from the batter. In the case of a wicket-keeper, a movement will only be allowed if there is a change of bowler, where they will be allowed to move to the position they would normally stand for that bowler.
- d) For clarity, the bowler can change their mode of delivery for the Free Hit delivery. In such circumstances Law 21.1 shall apply.

11.3 Short-pitched deliveries:

11.3.1 A bowler shall be limited to bowl two fast short-pitched deliveries per over.

- 11.3.2 A fast short-pitched ball is defined as a ball, which after pitching, passes or would have passed above shoulder height of the batter standing upright in their normal guard position.
- 11.3.3 The umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short-pitched delivery has been bowled.
- 11.3.4 For the purpose of this regulation, a ball that passes clearly above head height of the batter, other than a fast short-pitched ball, that prevents them from being able to hit it with their bat by means of a normal cricket stroke shall be called a Wide and will also count as one of the allowable balls above shoulder height for that over.
- 11.3.5 In the event of a bowler bowling more than two fast short-pitched deliveries in an over, the umpire at the bowler's end shall call and signal No Ball on each occasion. A differential signal shall be used to signify a No Ball for a fast short-pitched delivery. The umpire shall call and signal No Ball and then tap the head with the other hand.
- 11.3.6 If a bowler delivers a third fast short-pitched ball in an over, the umpire, after the call of No Ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batter at the wicket of what has occurred. This caution shall apply throughout the innings.
- 11.3.7 If there is a second instance of the bowler being No Balled in the innings for bowling more than two fast short-pitched deliveries in an over, the umpire shall repeat the above procedure and advise the bowler that this is their final warning for the innings.
- 11.3.8 Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No Ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over nor be allowed to bowl the next over or part thereof.
- 11.3.9 The bowler thus taken off shall not be allowed to bowl again in that innings.
- 11.3.10 The umpire will report the occurrence to the other umpire, the batter at the wicket and as soon as possible to the captain of the batting side.
- 11.4 Full-pitched deliveries:
- 11.4.1 A "full-pitched" delivery is a ball which reaches the batter without bouncing first.
- 11.4.2 Any full-pitched delivery reaching the batter above waist height, when the batter is standing in an upright stance at the popping crease, shall be called no ball.

“Waist height” shall be the point at which the top of the batter’s trousers would conventionally be when they are standing upright at the popping crease.

11.4.3 A full-pitched delivery, reaching the batter above waist height, and deemed dangerous by an umpire, will result in a 1st and final warning for the bowler.

11.4.4 A 2nd dangerous above the waist full-pitched delivery by the same bowler during the same innings will result in that bowler being immediately withdrawn from bowling.

12 Wide Ball

12.1 Wide deliveries shall be called as follows:

- a) More than 30cm to the leg side of middle stump.
- b) More than 90cm to the off side of middle stump.

12.2 For the purpose of this regulation, a ball that passes clearly above head height of the batter, other than a fast short-pitched ball, that prevents them from being able to hit it with their bat by means of a normal cricket stroke shall be called a Wide and will also count as one of the allowable balls above shoulder height for that over.

13 Batters Innings; Runners

13.1 Batting retirements are permitted at the end of that over after the relevant retirement criteria has been met.

13.2 All batters participating in the Stage 3 competition must retire after they have faced the following number of legal deliveries:

- a) 20-over matches: 30 legal deliveries
- b) 30-over matches: 50 legal deliveries
- c) 35-over matches: 50 legal deliveries

This regulation does not apply to the Open Women’s competition where the retirement of batters is optional.

13.3 NOTE: for the elimination of doubt, a Wide Ball is NOT considered to be a legal delivery faced, however a No Ball IS considered to be a legal delivery faced by the batter.

13.4 Retired batters can return when all listed players have batted, in the order they retired.

13.5 All batters must face the following number of legal deliveries before they can retire:

- a) 20-over matches: 15 legal deliveries
 - b) 30-over matches: 30 legal deliveries
 - c) 35-over matches: 30 legal deliveries
- 13.6 If the team has more than the specified number of players, all players in the team MUST bat, however the innings is deemed as closed after the specified number of wickets have fallen or the batting team has completed their allocated overs. (E.g. if the rules specify 9 players per side, 8 wickets must fall before the innings is closed.)
- 13.7 For the Stage 3 competition only, if the batting team has no remaining not out batters and fewer than the specified number of wickets have fallen, members of the batting team may bat for a second time in the order in which they were dismissed.
- For the Open Women's competition, if the batting team has no remaining not out batters and fewer than the specified number of wickets have fallen, members of the batting team may bat for a second time however the scores will not count towards the final game result. This option can be used by teams to ensure their players are provided as much opportunity as possible to develop skills and participation.
- 13.8 A returning "out" batter may not be voluntarily retired and there is no limit of the number of deliveries that they may then face in their innings.

14 The Fielder

- 14.1 Stage 3 Girls: No fielders may stand within 10 metres of the bat (except regulation off-side slips, gully and wicket keeper).
- 14.2 Open Women's: Players under the age of 15 are not allowed to stand within 10 metres of the bat (except regulation off-side slips, gully and wicket keeper).
- 14.3 If more than 9 players (11 players for Open Women's) are present at a match, they should regularly rotate onto the field.
- 14.4 Teams have the option to change wicketkeepers after half an innings has elapsed.
- 14.5 Fielding restrictions shall apply during the match, as follows:
- 14.5.1 The maximum number of fielders permitted outside the Fielding Restriction Circle at the instant of delivery is as follows:
- a) During the "Restricted Overs" period: maximum 2 fielders
 - b) At other times: maximum 4 fielders
- 14.5.2 The "Restricted Overs" period shall be:

- a) 20-over matches: Overs 1-6
 - b) 30-over matches: Overs 1-10
 - c) 35-over matches: Overs 1-10
- 14.6 At the instant of delivery there shall not be more than 4 fielders (Stage 3 Girls) or 5 fielders (Open Women's One Day) on the leg side.
- 14.7 A breach of 14.5 or 14.6 shall be called as a No Ball. Teams/captains are to be warned of potential breaches of fielding restrictions prior to being called as a No Ball.

15 The Over

- 15.1 6 balls shall be bowled per over.
- 15.2 A maximum of 8 balls may be bowled per over (including No Balls and Wides), except the final over of an innings where 6 valid deliveries must be bowled.
- 15.3 The bowling end will alternate each over, unless issues of ground, weather or light mean that it would be dangerous or unreasonable to do so. If it would be safe to bowl from one end only, then this is permitted with the agreement of both captains.

APPENDIX A – CODES OF BEHAVIOUR

Players will conduct themselves in a manner that upholds the values of the game as per the “Spirit of Cricket” guidelines contained within the Laws of the Game. Umpires will report to Queensland Cricket any breaches of these values and any such reported player will be dealt with under the Queensland Cricket Code of Behaviour.

In the 2017 code of the Laws of Cricket, Law 42 gives umpires the power to "sin bin" or send a player off for serious misconduct issues. This Law shall not apply in this competition.

All players, coaches, parents and attendees are required to abide by the Queensland Cricket Code of Conduct at all times.

APPENDIX B – EXCESSIVE HEAT POLICY

(1) PREAMBLE - The Competition Committee has a responsibility to all participants (both players and match officials) to ensure that play is conducted in safe conditions that do not place the health and well-being of participants at risk. Players and umpires are much more at risk to heat illness or heat stroke in temperatures that are considered extreme. The competition via this Playing Condition addresses such issues by not allowing play to be conducted where risk to players and match officials is foreseeable.

(2) TEMPERATURE THRESHOLD - Air Temperature is the measurement that shall be used to apply this policy.

(3) ADDITIONAL DRINKS - The umpires shall schedule an additional drinks break per innings for any days play where the weather is forecasting a temperature of 32 degrees or more.

(4) CESSATION OF PLAY - Play shall cease immediately in the event that the Bureau of Meteorology (BOM) smart phone app at the location of the match, exceeds 36 degrees Celsius. Play shall resume if the temperature at that location drops to 36 degrees or less. Where play is suspended due to this policy the match shall not be abandoned until such a time where it becomes impossible for both teams to be able to receive the minimum fifteen (15) overs each to constitute a match.

(5) LOSS OF PLAYING TIME DUE TO EXCESSIVE HEAT - Playing Condition 2.12 states there is no additional time for stoppages due to ground, weather or light.

(6) ADVANCE CANCELLATION OF AN ENTIRE DAY'S PLAY - The Competition Committee may in its absolute discretion determine to cancel a day's play in the event that the forecast temperature, at 4:00pm on the day before scheduled play, is more than 36 degrees at a majority of all scheduled venues. Additionally, the Committee in its absolute discretion will then determine which of the following options to adopt -

- a. Deem any abandoned day of play to be lost to the competition, or
- b. To reschedule that lost days play to a future day if an appropriate opportunity exists, or
- c. Come to any other decision deemed appropriate by the Committee.
